

PT-60 Select LCD driver

Question 1: Replace a new LCD on PT-60, then the LCD is only with backlight.

Question 2: Need to replace one new LCD on customer's PA-6030, but after replacing the LCD, white image occurs.

Model Applies to:

PT-20 Series, PT-60 Series, PA-20 Series, PA-60 Series

Answer:

PT and PA Series has more than two LCD drivers; therefore every time changing LCD panel, it is needed to switch between LCD panel drivers to look for the suitable driver for the panel.
