

## AME-3230W WLAN Setting

## Quick Start Guide

Version: 1.0 Date: May. 24, 2022

# Contents

Attaching the power supply	1
Connecting your printer to a host (computer)	1
Turning on your printer	1
Installing printer utility	1
Setting up WLAN connection	3

#### Attaching the power supply

- 1. Insert the power supply's connector into the printer power jack or load a fully charged battery in the printer
- 2. Plug the other end of the AC power cord into the wall socket.

Do not plug the AC power cord with wet hands or operate the printer and the power supply in an area where they may get wet. Serious injury may result from these actions!

#### **Connecting your printer to a host (computer)**

Make sure the host (computer) is powered on. Connect one end (mini-B) of the USB cable to the USB (mini-B) port of the printer and then the other end (type-A) of the USB cable to the USB (type-A) port of the host.

#### **Turning on your printer**

It is the best practice to turn on the printer after your printer is connected to the host (computer) and the host is powered on.

### Installing printer utility

- 1. Download the printer utility from ARGOX global website and start the installation process.
- 2. Locate the installation file and click it.
- 3. Here, in the printer utility dialog box, click Next.

4. In this dialog box, follow the instructions to choose the installation path and then click **Next**.

Printer Utility Setup		×
Choose Destination Location Select folder where setup will install files.		A.
Setup will install Printer Utility in the following folder	r.	
To install to this folder, click Next. To install to a di another folder.	fferent folder, click Brow	se and select
Destination Folder C:\Program Files (x86)\ARGOX\Printer Utility		Browse
InstallShield	< Back Next >	Cancel

5. At this step, select a program folder and then click Next. Then, the UTILITY will be installed automatically.

Please select a program folder.		
Setup will add program icons to the Prog name, or select one from the existing fold	ram Folder listed below. Yo lers list. Click Next to cont	ou may type a new folder inue.
Program Folder:		
Printer Utility		
Existing Folders:		
2BrightSparks		
Accessionity		
Administrative Tools		
Adobe Master Collection CS6		
Daum		
EaseUS		
EaseLIS Partition Master 13.0		

After finishing in installing this utility, a small icon of Printer Utility will appear on your desktop. Double-click on the small icon to open the software.

#### Setting up WLAN connection

After opening the Printer Utility, click on the "Printer Setting" tab. Next, select "AWE-3230W" in the Model drop-down menu and "USB" in the Interface drop-down menu.

Next, select the "Network" setting, as shown below.
