Speaker

⚠ First time initiation of this product; please make sure insert fully charged battery for at least 24 hours to ensure backup battery properly charged.

## Install or replace battery in the terminal

⚠ 1. Two AA batteries. Recommended alkaline rechargeable type.
2. A fully charged backup battery can maintain memory (RAM) contents for about 15 minutes, even when the battery pack is removed. Turn off the terminal to replace battery under 15 minutes.

1. Press and slide two release latch at the same time to open the battery cover.

2. Inserting batteries and close the battery cover as follow.

3. Make sure cover is closed and slide two latch back.
